

# Mr Muhammad Kazmi

MBBS FRCSEd MRCOphth

## Ophthalmic Surgeon

## About

A highly experienced ophthalmic surgeon with more than 30 years' experience, Mr Kazmi is a leader in refractive eye surgery and a specialist in LASIK and LASEK laser eye surgery. During his career he has helped thousands of patients to enjoy life free from glasses and contact lenses.

After graduating from the University of Punjab, Mr Kazmi subsequently gained a strong background at the NHS, widening his field of experience and holding senior positions including Consultant Ophthalmologist in various hospitals across the UK including Stirling Royal Infirmary, St Helier NHS Trust and the Royal Surrey County Hospital.

Mr Kazmi has held a laser eye surgery fellowship with Professor Pallikaris, a pioneer of the LASIK laser surgery procedure, at the University of Crete. He was also among the first 30 surgeons to successfully undertake the Certificate of Laser Refractive Surgery offered by the Royal College of Ophthalmologists.
