

Katie Stewart

BSc (Hons) MCOptom

Optometrist

About

Katie Stewart currently resides in our clinic in Newcastle.

After graduating with an Honours degree in Optometry and Vision Sciences at Cardiff University in 2011, she pursued a diploma in Independent Prescribing and shortly after began her career.

As an Optometrist, working throughout clinics in England and Wales, Katie manages the post-operative patient journey and advises clients on their options for visual correction and suitability for surgery.

Katie thoroughly enjoys working within a well-established, expert ensemble and is looking forward to expanding her experience through the many development opportunities available to her as part of the team.

Services

- General Optometry
- Refractive and Cataract Surgery Pre and Post-Operative Consultations
