Optometrist

About

Optometrist Suckbir is a part of our team of industry-leading professionals bringing life-changing eye care to patients in East Anglia. Curious about the world of refractive surgery, he joined the team 5 years ago and has since expanded his skills and knowledge continuously.

He is currently pursuing his Independent Prescribing (IP) qualification enabling him to manage many eye conditions at a community level and excited about the opportunity to deliver YAG laser capsulotomy in the future.

When Suckbir isn't busy improving eye health, he's also making contributions through sound as a musician with talents in vocals, guitar and cajon.
